WHAT IS WINTER WISHES?

Every December, the United Way of Passaic County partners with amazing individuals, businesses, faith groups, and civic organizations—to help make the holidays brighter for those in need.

This year, we invite you to join us in spreading joy and creating a memorable holiday season for children, individuals with disabilities, and families across Passaic County.

Your generous donations of toys, outerwear, and gift cards will bring smiles and warmth to those who need it most. Let's come together to make a difference and share the holiday spirit with our community!
